**Instructions**

1. Please PRINT or TYPE a separate page for EVERY field that will be made available for league play during this season.
2. League play must be given priority over intramural programs and CYO games. Intramural and CYO games must be scheduled around League play.

4. The Street/Location address can be an actual street address OR a cross road location; whichever is appropriate
5. The MAP street address number is used to provide access to automated Internet directions and mapping services for our members. This must be a valid street number. If an actual street number is not available, then provide the closest possible valid number.
6. Please identify the days of the week and the hours of the day that the field is being made available. Due to our tight scheduling requirements you must identify you Saturday and Sunday hours of availability, as well as at least one night each week.

8. Incomplete forms will not be accepted and will be returned.
